Class Descriptions

Two certification programs will be offered at this event – Championship & Performance. Competitors may enter both Championship and Performance Program classes for which they are eligible; however, under NO circumstance may a dog be entered in the same Championship and Performance class at this agility test (i.e. standard at any level in both programs). Classes include standard agility, gamblers, jumpers, pairs relay and snooker agility as set forth in Chapters 3 – 7 of USDAA Rules and Regulations, each of which are conducted at three competitive levels.

Championship Program Classes

The Starters Standard classes shall be for dogs that have not earned the **Agility Dog®** title or Starters Standard title. Starters Non-standard classes shall be for dogs that have not earned a title in the class being entered (Starters Gamblers, Starters Jumpers, Starters Relay-3 different partners required-or Starters Snooker) or a qualifying score in the equivalent non-standard class at the Advanced or Masters level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the **Agility Dog®** title.

The Advanced Standard classes shall be for dogs that have earned the **Agility Dog®** title or that have earned a Starters Standard title. Advanced non-standard classes shall be for dogs that have earned the **Agility Dog®** title or that have earned a title in the equivalent non-standard class at the Starters level, but have not earned the equivalent Advanced non-standard title or a qualifying score in the equivalent non-standard class at the Masters level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the **Advanced Agility Dog®** title.

The Masters Standard classes shall be for dogs that have earned the **Advanced Agility Dog®** title or the Advanced Standard title. Masters non-standard classes shall be for dogs that have earned the **Advanced Agility Dog®** title, the equivalent non-standard title at the Advanced level or that had previously qualified for entry in the equivalent Masters non-standard class prior to January 1, 2004.

Performance Program Classes

Generally, Performance Level I, Level II, and Level III are run on courses used for Starters, Advanced and Masters classes in the Championship Program, with the following exceptions: the A-frame is set at 5'6", jump heights are one height class lower as set forth in Notes to Competitors, no spread hurdles are utilized and time standards in the standard and jumpers classes are extended by 3 seconds beyond that utilized in the Championship Program and the pairs relay class is non-qualifying. Eligibility for entry is determined as follows:

The Performance I Standard class shall be for any dog that has not earned the **Performance Dog ISM** title, the Performance Standard I title or a qualifying score in the Performance II or Performance III standard classes. Performance I non-standard classes shall be for any dog that has not earned a title in the class being entered (Performance I Gamblers, Performance I Jumpers, or Performance I Snooker) or a qualifying score in the equivalent non-standard class at the Performance II or Performance III level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the **Performance Dog ISM** title.

The Performance II Standard classes shall be for any dog that has earned the **Performance Dog ISM** title, the **Agility Dog®**, the **Veteran Agility DogSM** title, but has not earned the **Performance Dog IISM** title or Performance Standard II title, or a qualifying score in the Performance III Standard class. Performance II non-standard classes shall be for dogs having earned the **Performance Dog ISM** title, the **Agility Dog®**, or a title in the equivalent Starters or Performance I non-standard class, but not having earned a title in the equivalent non-standard Performance II class or a qualifying score in the equivalent non-standard Performance III class. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the **Performance Dog IISM** title.

The Performance III Standard classes shall be for any dog that has earned the **Performance Dog IISM** title, the **Advanced Agility Dog®** title, the **Veteran Advanced Agility Dog®** title. Performance III non-standard classes shall be for dogs having earned the **Performance Dog IISM** title, the **Advanced Agility Dog®** title, the equivalent non-standard title at the Advanced or Performance II level, or that had previously qualified for entry into the equivalent Performance non-standard class prior to January 1, 2004.

Non-standard Class Descriptions.

Gamblers Class: This class consists of a course with no pre-determined route and each obstacle is assigned a point value. In the "opening period" the handler seeks to accumulate points by performing obstacles of his/her choice in the time allotted. At the conclusion of the "opening," the handler attempts the "gamble," a sequence designed by the judge to be handled from a distance, for additional points. This non-standard class is scored pursuant to the provisions of Chapters 6 and 7 of USDAA Rules and Regulations.

Jumpers Class: This class consists of a course of jumps and may include a tire and tunnels. This non-standard class is scored pursuant to the provisions of Chapters 6 and 7 of USDAA.

Snooker Class: This class has an "opening" sequence of point collection similar to the Gamblers followed by a closing sequence of a set pattern. It roughly parallels the billiards game of "snooker," requiring the dog to successfully complete a "red" jump prior to attempting an obstacle designated as any other color. This non-standard class is scored pursuant to the provisions of Chapters 6 and 7 of USDAA Rules and Regulations.

Pairs Relay: This class consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. Partners must be in the same level and in the same height division, mini (Ch 12/16, Perf 8/12) or open (Ch 22/26, Perf 16/22). In the event only one dog is entered in a program/level, un-entered dogs or dogs from another program/level may NOT be recruited to form a qualifying pair. As of 1/1/09 relay will be required for Performance Versatility titles. This non-standard class is scored pursuant to the provisions of Chapters 6 and 7 of USDAA Rules and Regulations.

2010 Grand Prix of Dog Agility® World Championships & Performance Grand PrixSM - Local Qualifiers

These tournaments are open to all competitors regardless of titles earned or skill level. Both are a single-round tournament featuring the sport in its basic form. The course includes obstacles as set forth in Chapter 3 of USDAA Rules and Regulations for standard agility, except that no table obstacle shall be used. Standard scoring shall be applied. Competitors must have a ZERO fault round to earn a qualifying score for which qualifying ribbons are presented. One qualifying score is required for entry in Round 1 of a Regional Championships. Additionally, the first place competitor in each height class who has earned a qualifying score shall be eligible to enter the final round of a Type 1 Regional Championship without regard to their score in the first round. Such eligibility shall be documented through a "bye" voucher. A competitor may earn more than one voucher, and the voucher is non-transferable, can be used only once and must be submitted with the competitor's entry form for a Type 1 Regional Championship. See complete rules and regulations for Regional Championships, which are hereby incorporated by reference.

SPECIAL NOTES: When a local qualifier is held in conjunction with an agility test where all levels of titling are NOT being offered, 'bye' vouchers will not be awarded. (e.g. Starters/Advanced only, Advanced/Masters only, Masters only – **Tournament Only shows do not fall into this category**) Competitors with a qualifying score placing first in a jump height shall be named Regional Champion and earn a bye into the World Championship semifinals. Additionally, competitors at a Regional Championship with a qualifying score in Round 2 in the top 50% in each height class shall earn a bye into the semifinals at the Cynosport World Games. If at a regional championship a bye is earned by a competitor/dog team who has already earned a bye in that jump height, the bye is forfeited.

The rules may be found on the USDAA web site—General Information—Forms and Documents Library, or may be requested in writing by US mail from the USDAA office. A competitor must have two qualifications from local qualifiers, one of which may be from the first round of a Regional Championship, in order to qualify for entry to the world championship quarterfinals; however, where a competitor may choose to compete in both Grand Prix and Performance National Standard qualifiers during the current tournament season, the competitor is only eligible to compete in the championships of the tournament in which they have earned the most qualifications. Further, 2010 tournament rules stipulate that a competitor must compete all in Championship or all in Performance tournaments at Regional and National/World Championship events.

Awards: Rosettes will be awarded to 1st thru 4th place in each jump height.

2010 DOG AGILITY STEEPLECHASE® & PERFORMANCE SPEED JUMPINGSM TOURNAMENTS

Description: These tournaments are open to all dogs regardless of skill level or titles earned. These two-round tournaments emphasize speed. Each round will be conducted on a jumpers-style course that shall include at least two spread hurdles, a long jump and an A-frame and a minimum of 10 weave poles. Either the A-Frame or weave poles shall be required to be performed twice. Top competitors as set forth under Qualification & Advancement shall advance to Round 2 to compete for prize money, Tournament Top Ten points and Lifetime Achievement Qs. Qualifiers as defined herein earn the right to enter either the quarterfinals or semifinals at the Dog Agility Steeplechase® championships (semifinals for Speed Jumping) to be held in autumn of 2010. Competitors may not be entered in both tournaments at this event.

Scoring: Shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules. For purposes of qualification calculations, a competitive performance resulting in "elimination" as a result of performance error in the normal pursuit of a round shall be included in the count of competitors "actually competing" in the qualifying score computations.

Qualification & Advancement

Qualification shall be determined based upon the Round 1 scores. Only competitors with scores equal to or less than the maximum qualifying score in round 1 qualify. Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for Top Ten points, Lifetime Achievement Qs and prize money (if awarded in Speed Jumping), provided they have finished the round with a score. Non-qualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing.

Steeplechase Eligibility for Entry:

Regional Championships: A competitor must have one qualification at a local qualifier to be eligible to enter Round 1 of a Regional Championships.
World Championship Quarterfinals: Two qualifications, one of which may be from the first round of a Regional Championship will be required for entry.

World Championship Semifinals: Advancement from the quarterfinals by earning the equivalent of a qualifying score or by direct entry into the semifinal by having earned a 'bye' at a Regional Championship.

Speed Jumping Eligibility for Entry into the Championships: Two qualifying scores as defined herein are required to enter the semifinals at the Performance Speed JumpingSM Championships to be held in autumn of 2010.

I (we) agree that West Valley Dog Sports, Inc. (WVDS) has the right to refuse this entry for cause, which the organizing committee alone shall deem to be sufficient. In consideration of the acceptance of this entry, of the holding of the event and of the opportunity to have the dog participate and/or to be judged, I (we) agree to hold the organizing committee, WVDS, United States Dog Agility Association, Inc. (USDAA), including its members, officers, directors, agents and employees, sponsors of the event, and owners of the premises upon which this event is held and their employees harmless from any claim for loss or injury that may be alleged to have been caused directly or indirectly to any person or thing by an act of this dog while in or upon the event premises or grounds or near any entrance thereto, and I (we) personally assume all responsibility and liability for any such claim. I (we) further agree to hold the aforementioned parties harmless from any claim for loss of this dog by disappearance, theft, death or otherwise and from any claim for damage or injury to the dog, whether such loss, disappearance, appearance, theft, damage or injury, be caused or alleged to be caused by the negligence of the parties aforementioned, or by the negligence of any other person, or any other cause or causes. I (we) hereby assume the sole responsibility for and agree to indemnify and save the aforementioned parties harmless from any and all loss and expense (including legal fees) by reason of the liability imposed by law upon any of the aforementioned parties for damage because of bodily injuries, including death at any time resulting therefrom, sustained by any person or persons, including myself (ourselves) or on account of damage to property arising out of or in consequence of my (our) participation in this event, howsoever such injuries, death or damage to property may be caused, and whether or not the same may have been caused or have been alleged to have been caused by negligence of the aforementioned parties or any of their employees or agents or any other persons.

I hereby release USDAA, its representatives, agents and assigns from any claim or cause of action for invasion of the rights of privacy, right of personality or any similar right.

I (We) further understand that in the event of a dog bite incident on the event premises or grounds involving this dog, WVDS' insurance carrier Sportsmen's Insurance Agency Plan, Inc, requires that the owner report the incident to the owner's insurance carrier and to the show committee, who shall report the incident to WVDS's insurance carrier, Sportsmen's Insurance Agency Plan and USDAA.
