Policy on Refusal of Entry

The Organizing Committee of an event may refuse the entry of any competitor or dog for just cause should the Committee view that participation by the competitor or dog could be prejudicial to the sport. However, in such case, the Committee must notify the competitor in writing upon receipt of entry, but in no case, more than three days following the event closing date for acceptance of entries. The burden of responsibility for the appropriateness of such action rests solely with the host group and its Organizing Committee.

NSF Check/Credit Card

Any check or credit card that is charged back by the bank or other financial institution may be assessed a service charge of up to \$40 per incident at the discretion of the host group.

Returned checks or credit card returns do not constitute a valid entry. Amounts shall be paid within 30 day of postmarked notice of the returned payment if such date follows the event date. Any fees not received within 30 days of notice will result in cancellation of event results for all classes related to the entry for which payment was made. No reinstatement of results is possible, and all awards must be returned within 10 days of notification or the dog's registration may be suspended pending restitution.

Any unpaid fees or shortfalls must be paid prior to the start of the event, or entry is canceled without recourse.

Refund Policy

There shall be NO REFUNDS for entries withdrawn after the closing date for acceptance of entries, for absentee, dismissal from the event as a result of disciplinary action, dismissal from a class, or for any other reason. Also, no entry fees will be refunded if the event cannot open or be completed by reason of riots, civil disturbances, acts of terrorism, fire, "act of God", public emergency, strike, or any other cause beyond the control of the host organization.

Check-in & Measuring

Dog Measurements & Certification

All dogs not jumping 24" in the Championship Program or 20" in the Performance Program at local and regional events must be measured unless they have permanent USDAA or World Cynosport Dog Registration status or a temporary card with 3 signatures as required by the regulations, making the dog eligible for their jump height (prior to 3 years of age). Please note that only dogs 18 months of age and entered in the event may be officially measured.

Tournament Check-in Times

- Saturday: Check-in and measuring is from 7:00am to 7:30 am for competitors entered in the Grand Prix. Judge's briefing begins at 7:45am with first dog on line at 8:00am.
- There will be a second check-in time on Saturday for those competitors entered in just Dog Agility Masters or Performance Versatility Pairs tournament. This second check-in time will be published in the final confirmation.
- Remember all teams must have checked in prior to the first dog running the course.
- Teams who wish to qualify for the Rookie team awards sign-up at check-in.
- There will be an additional check-in time on Sunday for those competitors entered in just the Steeplechase or Performance Speed Jumping classes. This final check-in time will be published in the final confirmation.
- All times are tentative. Check final confirmation for updates as times and/or class schedule may change due to entry numbers.

A Dog that Measures Up at Check-In - May Run FEO

If a judge's measurement of a dog at check-in establishes that the dog is ineligible for the height class in which entered, the competitor may

- Run the dog at the higher height in the same program based upon the measurement,
- Modify the entry to enroll the dog in the proper height class in the Performance Program,
- Modify the entry to enroll the dog in the proper height class in the Veterans Program if the dog is 8 years old
- Run For Exhibition Only (FEO) at the next lowest jump height, but only in the program entered.

Because entry into a higher height is permitted in the Performance and Championship Programs, a dog measuring lower may not be moved to a lower height in either program.

General Entry Conditions

Prohibitions on Aids & Devices

No leads, collars, food, toys or other aids or devices shall be permitted on the course at any time, except as provided for in Chapter 10 when Intro Program classes are offered, or in Chapter 8 when Junior Handler Program classes are offered.

Statement of Responsibility

Competitors alone are responsible for the behavior of their dogs, children or guests. A competitor whose dogs, children or guests create unnecessary disturbances or repeatedly engage in unsafe or disruptive behavior may, at the discretion of the Event Organizing Committee, be asked to leave the test site.

Policy on Fault Limits

In the event of a larger entry, fault limits may be set at the discretion of the Organizing Committee and/or Judge without pre-event notice.

Spam Blocker

Confirmations will be sent via email using the secretary's address. If you have a spam blocker on your email account, please configure it to allow email from the secretary's address since confirmations will be sent from this account.

Class Descriptions

Tournament Class Rules & Descriptions

One or more tournament classes are being held at this event, the rules and description of which may be downloaded on the Internet at www.usdaa.com/gen_formDoc.cfm, and are hereby incorporated by reference. A written copy may be obtained from the Event secretary.

Team & Versatility Pairs Measure-up Policy - FEO

The handler of a dog entered in Team or Versatility Pairs that is required to jump a higher height by virtue of the judge's measurement must notify the secretary immediately. Should the higher jump height make the dog ineligible for their team (three jump heights), the secretary will make every effort to form complete teams from available dogs. The dog may not be moved to Versatility Pairs.

In the event the competitor is unprepared to run their dog at the higher jump height, they may run in the tournament For Exhibition Only. No member of the Team or Pair may earn a tournament qualification, but Team or Pairs partners are eligible for individual placements, tournament top ten points and Lifetime Achievement Qs in the individual tournament classes.

Masters Challenge Biathlon

This Biathlon consists of two classes; Masters Challenge Standard and Masters Challenge Jumpers. While these two classes will count as titling runs, they also form the biathlon where scores will be converted to time plus faults. After the two classes, scores will be combined to calculate those dogs in each jump height earning eligibility by posting an overall score in the top 25%. A dog scoring an elimination in either class will be eliminated from Biathlon award contention.

See complete rules at www.usdaa.com.
